

Shapewear

The outfit begins before the outfit.

WHO WE ARE

Shapewear is an online store for foundation garments serving South Africa, Botswana, Zimbabwe and Zambia. Forty pieces in sizes S to 3XL, from a waist cincher to a shoulder-to-ankle suit, each photographed on a real model from the front, the side and the back, with close-ups of how it is built.

THE IDEA

Women in our region have bought shapewear by guesswork for too long. We end the guessing: every piece carries one of four levels of hold, a size finder built on five measurements, and can be found by zone, by the outfit going over it, or by the area you want shaped.

FOUR LEVELS OF HOLD

Smooth
Light shaping for everyday lines and fabric drape.

Sculpt
Noticeable shaping with comfortable all-day structure.

Firm
Stronger targeted compression for fitted clothing and defined shaping.

Structured
Boning, heavy panels, corsetry or reinforced construction.

THE MAGAZINE

Shapewear Magazine, written and published monthly by Cabanga Africa Group, runs 224 stories across eight departments. The September 2026 issue is free at shapewear.cabanga.co.bw.

How to order

Choose a piece and size on shapewear.cabanga.co.bw, confirm your email with the code we send, and your order opens in WhatsApp as a full order slip. Prices are subject to change, so a person confirms the price, the logistics charge at local rates and how to pay. Delivery takes three to six weeks.

Exchanges

One size exchange within 7 days of delivery, unworn with tags and hygiene liner in place. Faulty pieces are replaced at our cost. Full terms on the site.
